

Event stream analytics

One day **Overview** Live

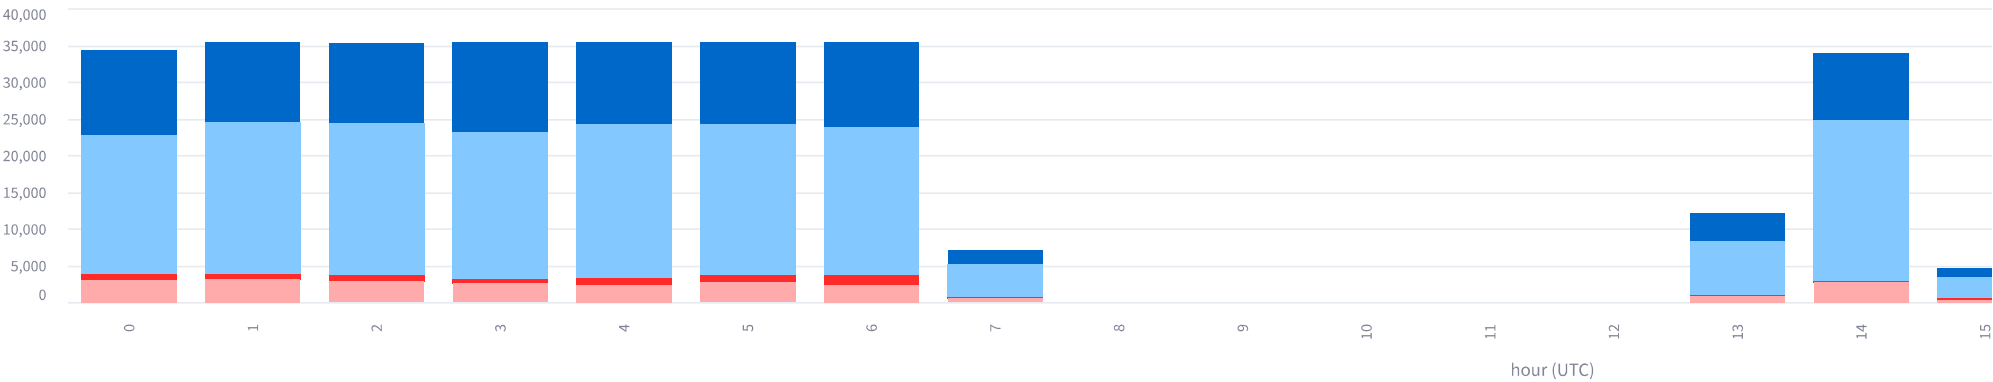

Events	Event types	Devices	Days covered ?
574,702	25	120,613	3

Events per day

Device mix through the day

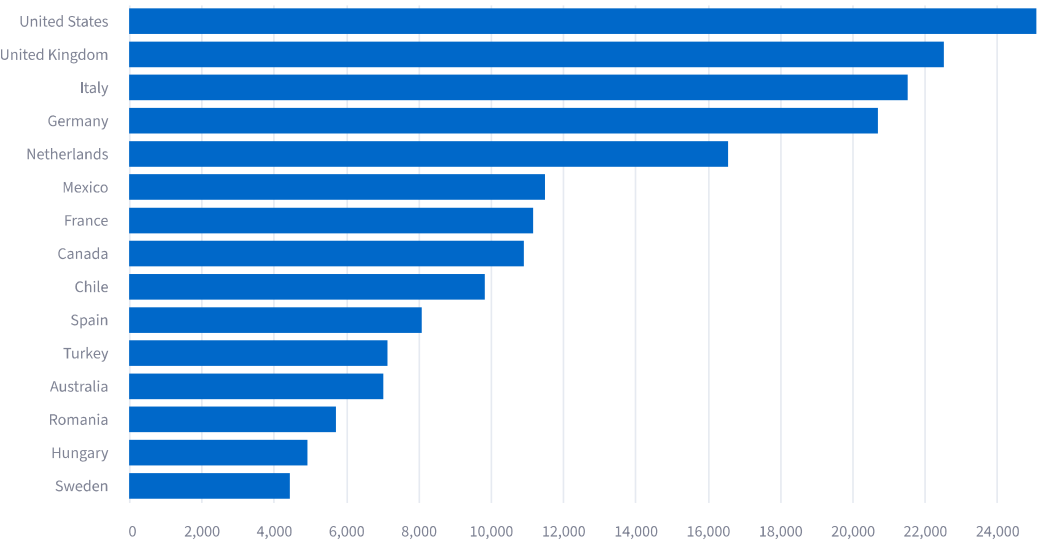

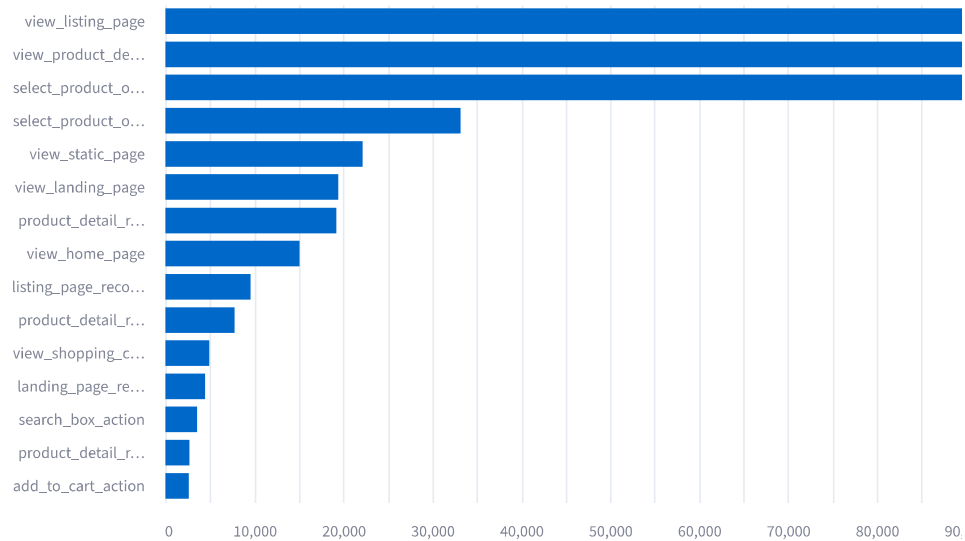

All days combined — a single report_date only spans 30–90 minutes, so pooling them is what gives this chart more than one bar.

Event types

Where visitors actually are

From the IP, not the storefront's domain.

Storefront locale vs real location
